

### **Job Opportunity – Medical Recruiter (International Hospital Doctors)**

Head Medical has an exciting opportunity for an experienced recruiter to join our International Hospital Doctors division.

Based in the west end of Edinburgh, we are looking for a customer-focussed recruiter to work with our healthcare clients in Australia and New Zealand (ANZ) to supply junior and middle-grade doctors.

There is a great deal of interest from doctors to take a year out of training to experience a different healthcare system for 12 months, before returning home to complete their training. This, coupled with the ongoing need in ANZ to employ IMGs (International Medical Graduates) makes this a very lucrative desk.

One of the challenges of this role is to ensure your candidates are considering opportunities in locations relevant to them. Often, candidates may not have visited the country or region and are reliant on you giving them a true picture of the hospital, the working environment, and the location. You will benefit from working in a team of experienced recruiters who will be happy to share their knowledge, and help develop your understanding of the destinations being recruited to.

Head Medical is a very unique place to work! Many of our recruiters have previously worked for global/plc recruitment companies and are often surprised at the office culture when they arrive. It will suit people who are self-driven without the need for KPIs. Our main focus is delivery to our clients and candidates, providing excellent service and advice whilst ensuring we do everything possible to help our doctors make the right decision.

Over 25% of our placed candidates this year have come from referrals – that in itself shows our achievement in service.

Our business is made up of 4 teams – International Hospital Doctors, International GPs, UK & Ireland, and Business Support (incorporating Marketing and Finance).

We also have dedicated registration consultants who support candidates through the medical registration and visa application processes. Once a doctor has accepted a contract, the registration consultant will then work closely with them until they fly out to their new destination.

**If you would like to find out more about this fantastic opportunity, or wish to apply, call Mags Arthur on 07825 398 735, or send an email to [mags@headmedical.com](mailto:mags@headmedical.com)**
